MIX — ONE POST, ONE ACCENT

Volt is a highlighter, not a background — one volt element per post. Violet is reserved for numerals so stats read instantly across a grid.

LEGAL PAIRINGS

Volt type on white is the one banned combination — it fails contrast at every size.

DISPLAY — SPACE GROTESK 700

Track it or it didn't happen

Every hook. Tracking -4.5%, leading 0.98–1.02. Never below 92px on a 1080 artboard.

SUB — SPACE GROTESK 500

The second line that earns the swipe.

LABEL — JETBRAINS MONO

SYSTEM №03 / 1 / 10 / @GOGETTR

Eyebrows, indices, footers. Always uppercase, tracked 0.16–0.22em.

BODY / UI — ARCHIVO

Captions, bios, site and app copy. Archivo carries small sizes where Space Grotesk gets loose, and it is the only face allowed below 14px.

SCALE — 1080 ARTBOARD

Hook XL	130 / .98 / -.05em

Hook L	116 / 1.02

Numerals	250 / .9

MARGIN

96px side, 120px top/bottom on 1080-wide artboards. Footer row 74px off the bottom. Nothing crosses the margin except full-bleed photography.

F1 — graphite

Primary. Profile avatar, site header, hangtag.

F2 — volt fill

Dark app surfaces and any volt-on-dark placement.

F3 — violet

Loud placements — colourful feeds, product pages.

One symbol, three cuts — the chevron never changes shape, only its ground. Below 48px the wordmark drops and the chevron carries the mark alone. Minimum clear space on all sides equals the chevron's height.

01 SPECTRUM HOOK

02 LIST COVER

03 INSET PHOTO

04 STAT

05 VIOLET QUOTE

Nine-post rotation: never two light grounds side by side, one violet per row of three, photo posts on the diagonal so the grid reads as texture rather than noise.

01 COLD-OPEN HOOK

02 DAY COUNTER

03 B-ROLL + PLATE

04 LIST TEASE

RULES

Hatched bands mark the platform UI zones — caption, handle and action rail. Nothing but background may sit there.

Cold-open hook in the first 0.5s, one idea per cover, and the same eyebrow/index system as Instagram so a carousel and its Reel read as one drop.

01 LIST PIN

02 PRINTABLE

03 PHOTO-TOP

04 RULE PIN

RULES

Pinterest is search, not feed: more words than Instagram, a keyword in the eyebrow, and the URL stamped on every pin.

Chevron mark replaces the full lockup at this size.

01 LINK CARD • 02 QUOTE CARD

03 CAROUSEL COVER

04 STAT CARD

RULES

Calmer register: no slang, no second-person dares. Bio line one becomes “Operating systems for ambitious people.”

Nine-post rotation, read as a grid before it is read as posts.

VOICE

Short declaratives. Second person. A number where a number will do. No hype adjectives, no emoji, no exclamation marks — the colour is already shouting.

DO “Track it or it didn't happen.”

NO “This ONE crazy habit will TRANSFORM your life!”

DO “168 hours a week. Where do yours go?”

BIO — LOCKED COPY
